Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying combined financial statements of Young Men's Christian Association of the Inland Northwest (YMCA) and Young Men's Christian Association of the Inland Northwest Endowment Fund (the Endowment Fund) (nonprofit organizations) which comprise the combined statement of financial position as of December 31, 2022, and the related combined statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the combined financial statements.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of Young Men's Christian Association of the Inland Northwest and Young Men's Christian Association of the Inland Northwest Endowment Fund as of December 31, 2022, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Young Men's Christian Association of the Inland Northwest and Young Men's Christian Association of the Inland Northwest Endowment Fund and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

Restatement

As discussed in Note 16 to the financial statements beginning net assets was restated. Our opinion is not modified with respect to that matter.

Change in Accounting Principle

As discussed in Note 14 to the financial statements, in 2022 YMCA adopted new accounting guidance for leases. The guidance requires lessees to recognize a right-of-use asset and corresponding liability for all operating and finance leases with lease terms greater than one year. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the combined financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the combined financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Young Men's Christian Association of the Inland Northwest and Young Men's Christian Association of the Inland Northwest Endowment Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the combined financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the combined financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the combined financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Young Men's Christian Association of the Inland Northwest and Young Men's Christian Association of the Inland Northwest Endowment Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the combined financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Young Men's Christian Association of the Inland Northwest and Young Men's Christian Association of the Inland Northwest Endowment Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming opinion on the financial statements as a whole. The supplementary information and the accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 16, 2023, on our consideration of Young Men's Christian Association of the Inland Northwest and Young Men's Christian Association of the Inland Northwest Endowment Fund's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Young Men's Christian Association of the Inland Northwest and Young Men's Christian Association of the Inland Northwest Endowment Fund's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Young Men's Christian Association of the Inland Northwest and Young Men's Christian Association of the Inland Northwest Endowment Fund's internal control over financial reporting and compliance.

NOTE 1 NATURE OF OPERATIONS

Nature of Operations

Young Men's Christian Association of the Inland Northwest (YMCA) is a provider of youth and family programs and services in eastern Washington and northern Idaho. Young Men's Christian Association of the Inland Northwest Endowment Fund (the Endowment Fund) supports YMCA and its youth and family programs based on donor designations. These entities are collectively referred to as YMCA.

YMCA's mission is to put Christian principles into practice that build healthy spirit, mind, and body for all. The YMCA is a powerful association of men, women, and children committed to bringing about lasting personal and social change. With a focus on nurturing the potential of every child and teen, improving the nation's health and well-being, and providing opportunities to give back and support neighbors, the YMCA enables youth, adults, families, and communities to be healthy, confident, connected, and secure.

We advance our cause of strengthening community through program activities impacting youth development, healthy living, and social responsibility.

Youth Development – Our YMCA is committed to nurturing the potential of every child and teen. We believe that all kids deserve the opportunity to discover who they are and what they can achieve. That is why we help young people cultivate the values, skills, and relationships that lead to positive behaviors, better health, and educational achievement. Our YMCA programs offer a range of experiences that enrich cognitive, social, physical, and emotional growth. This is reflected on our Combining Statement of Functional Expenses under Youth Development which includes Early Learning, Before and After School Child Care, and Teen programs. It also includes Camp Reed programs under Corporate Programs and early learning programs at Eastern Washington University under Managed Facilities.

Healthy Living – The YMCA is a leading voice on health and well-being. We bring families closer together, encourage good health, and foster connections through fitness, sports, fun, and shared interests. As a result, people in our community are receiving the support, guidance, and resources they need to achieve greater health in spirit, mind, and body. This is particularly important as our nation struggles with an obesity crisis, families struggle with work/life balance, and individuals search for personal fulfillment. This is reflected on our Combining Statement of Functional Expenses under Membership Development which includes Aquatics, Health and Wellness, Chronic Disease Prevention and Management, Membership, and Sports programs, and also under Managed Facilities which includes City of Spokane Valley outdoor pools programs.

NOTE 1 NATURE OF OPERATIONS (CONTINUED)

Nature of Operations (Continued)

Social Responsibility – Our YMCA believes in giving back and supporting our neighbors. We have been listening and responding to our community's most critical social needs. YMCA programs deliver training, resources, and support that empower our neighbors to effect change, bridge gaps, and overcome obstacles. We engage YMCA members, participants, and volunteers in activities that strengthen our community and pave the way for future generations to thrive. This includes our Retired and Senior Volunteer Programs (RSVP) reflected under Corporate Programs on our Combining Statement of Functional Expenses.

As part of our mission our programs are accessible, affordable, and open to all faiths, backgrounds, abilities, and income levels. We provide financial assistance to people who otherwise may not have been able to afford to participate.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The combined financial statements have been prepared on the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Basis of Presentation

The YMCA records resources for accounting and reporting purposes based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The governing board has designated, from net assets without donor restrictions, net assets for an operating reserve, debt service, and board-designated endowment.

Net Assets With Donor Restrictions – Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

YMCA reports contributions restricted by donors as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Use of Estimates

The preparation of combined financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the combined financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Combined Financial Statements

The combined financial statements include the financial statements of YMCA and the Endowment Fund. These are separately incorporated entities, each with its own board of directors that are combined for reporting purposes. Amounts due between these organizations were eliminated during preparation of the combined financial statements.

Cash and Cash Equivalents

Cash and cash equivalents include amounts in demand deposits as well as short-term investments with a maturity date within three months at the date of acquisition and money market funds.

Impairment of Long-Lived Assets

YMCA, using its best estimates based on reasonable and supportable assumptions and projections, reviews assets for impairment whenever events or changes in circumstances have indicated that the carrying amount of its assets might not be recoverable. Impaired assets are recorded at the lower of cost or fair value.

Revenue Recognition

The YMCA has multiple revenue streams that are accounted for as reciprocal exchange transactions including membership and program fees, community room rental, and government contract revenues.

Because the YMCA's performance obligations relate to contracts with a duration of less than one year, the YMCA has elected to apply the optional exemption provided in Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 606-10-50-14(a), *Revenue from Contracts with Customers*, and, therefore, is not required to disclose the aggregate amount of the transaction price allocated to performance obligations that are unsatisfied or partially unsatisfied at the end of the reporting period. There are no incremental costs of obtaining a contract and no significant financing components.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition (Continued)

Membership dues and program fees: Membership dues and program fees consist of amounts that families and individuals pay to participate in health, fitness, education, and recreation activities and programs. Members join for varying lengths of time and may cancel with 10 days' notice. Members generally pay a onetime joining fee plus monthly dues in advance. Memberships provide use of the recreation facilities, access to free classes, programs and activities, and discounts to fee-based programs. The YMCA offers a variety of programs including family, childcare, day camp, resident camp, teen, scholastic, fitness, aquatics, health, immigration, and international services. Fee-based programs are available to the public. Program fees for short duration programs of two months or less, such as aquatics classes, are typically paid in advance at the time of registration. Program fees for longer duration programs, such as fee-based childcare, are usually paid monthly in advance. Cancellation provisions vary by program, but most transactions are cancellable with 15 to 30 days' notice. Refunds may be available for services not provided. Financial assistance is available to members and program participants. Such financial assistance is reflected as a reduction of gross membership dues and program fees.

Membership dues and program fees are recognized ratably over the period the membership or program service is provided on a straight-line basis in an amount that reflects the consideration the YMCA expects to be entitled to in exchange for those services. All the YMCA's revenue from contracts with customers are from performance obligations satisfied over time. Prices are specific to a distinct performance obligation and do not consist of multiple transactions. Membership joining fees are ratably recognized over a one-month period from the membership start date.

Membership dues and program fees paid to the YMCA in advance represent contract liabilities and are recorded as other deferred revenue. Amounts billed but unpaid are contract assets and recorded as accounts receivables.

Community room rental fees: Community rooms and spaces are rented out to not for profit organizations, community groups, governmental entities, members and others and are generally paid in advance. Deposits are generally received at the time the reservation is made.

Community room and space rental fee revenues are recognized ratably over the period the service is provided on a straight-line basis. Deposits, advances, and upfront payments are contract liabilities and are recorded as other deferred revenue upon receipt. Included in accounts receivables are contract assets for unbilled services and receivables for billed unpaid services.

Government Fees: The YMCA has contracts with city, state, and federal agencies to provide a variety of program services to the public based on contract requirements. Such contracts from government agencies are recorded as revenue as performance obligations are satisfied, which is generally when the related expenditures are incurred over the period the service is provided.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition (Continued)

Advances are recorded as deferred revenue from government contracts upon receipt. Included in government receivables are contract assets for unbilled services and receivables for billed unpaid services.

For government receivables, the allowance for doubtful accounts is determined by a monthly and semi-annual review of account balances, including the age of the balance, historical collection experience, and specific identification of uncollectible accounts. Uncollectible receivables are charged to the allowance. An expense is recorded at the time the allowance is adjusted.

A portion of the YMCA's revenue is derived from conditional contracts and grants, which are conditioned upon certain performance requirements and/or incurrence of allowable qualifying expenses. Amounts received are recognized as revenue when the YMCA has met the conditions on which they depend on.

Concentration of Credit Risk

Financial instruments, which potentially subject YMCA to concentrations of credit risk, consist of cash and cash equivalents.

YMCA maintains its cash in bank deposit accounts at financial institutions. The bank accounts, at times, may be in excess of the Federal Deposit Insurance Corporation insurance limit.

Receivables

Accounts and grants are recorded net of an allowance for doubtful accounts. Accounts are written off in the period they are determined to be uncollectible. Contributions are shown net of uncollectible pledges in the combined statements of activities. Management has evaluated the balances and determined that no allowance was necessary at December 31, 2022.

The CARES Act provides an employee retention credit (CARES Employee Retention Credit), which is a refundable tax credit against certain employment taxes. During the fiscal year ended December 31, 2021 the YMCA recorded a \$1,548,212 government receivable for the third quarter of 2021 and related revenue in the statement of activities. The 2021 Form 941-X Adjusted Employer's Quarterly Federal Tax Return or Claim for Refunded for the third quarter was filed in April of 2022. The \$1,548,212 government receivable balance is outstanding at December 31, 2022.

Inventory

Inventory is recorded using the lower of FIFO cost (first-in, first-out) or market.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments

YMCA accounts for investments in accordance with the provisions of *Accounting for Certain Investments Held by Not-for-Profit Organizations*. Under *Accounting for Certain Investments Held by Not-for-Profit Organizations*, investments in marketable securities with readily determinable fair values and all investments in debt securities are valued at their fair values in the combined statements of financial position. Unrealized gains and losses are included in the change in net assets. Investment income and gains restricted by a donor are reported as increases in net assets without donor restrictions if the restrictions are met (either by passage of time or by use) in the reporting period in which the income and gains are recognized.

Leases

YMCA determines if an arrangement is a lease at inception. Operating leases are included in right-of-use (ROU) assets – operating and lease liability – operating, and finance leases are included in ROU assets – financing and lease liability – financing in the statement of financial position.

ROU assets represent YMCA's right to use an underlying asset for the lease term and lease liabilities represent YMCA's obligation to make lease payments arising from the lease. ROU assets and liabilities are recognized at commencement date based on the present value of lease payments over the lease term. Lease terms may include options to extend or terminate the lease when it is reasonably certain that YMCA will exercise that option. Lease expense for operating lease payments is recognized on a straight-line basis over the lease term. YMCA has elected to recognize payments for short-term leases with a lease term of 12 months (or less than \$25,000 in annual expense) or less as expense as incurred and these leases are not included as lease liabilities or right of use assets on the statement of financial position.

The individual lease contracts do not provide information about the discount rate implicit in the lease. Therefore, YMCA has elected to use a risk-free discount rate determined using a period comparable with that of the lease term for computing the present value of all lease liabilities.

YMCA has elected not to separate nonlease components from lease components and instead accounts for each separate lease component and the nonlease component as a single lease component.

Land, Buildings, and Equipment

Purchases of land, buildings, and equipment are recorded at cost. A threshold of \$1,500 is used as the basis for asset capitalization. Maintenance, repairs, and minor additions are expensed as incurred. Depreciation is computed primarily using the straight-line method. The useful lives for depreciation purposes range from 3 to 15 years for vehicles and equipment and 10 to 40 years for buildings.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Contributions and Pledges

The YMCA records unconditional promises to give (pledges) as receivables and contributions within the appropriate net asset category based on the existence or absence of donor-imposed restrictions. The YMCA recognizes conditional promises to give when the conditions stipulated by the donor are substantially met. A conditional promise to give is considered unconditional if the possibility that the condition will not be met is remote.

YMCA reports gifts of land, buildings, and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as support with donor restriction. Absent explicit donor stipulations about how long those long-lived assets must be maintained, YMCA reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

As of December 31, 2022, the YMCA has uncollected unconditional pledges totaling \$148,707. Expected receipts as of December 31, 2022 are as follows:

	Pledges Receivable	Allowance for Uncollectible Pledges	Net
Less Than One Year	\$ 135,014	\$ -	\$ 135,014
One to Four Years	13,693	-	13,693
Total	<u>\$ 148,707</u>	<u>\$ -</u>	<u>\$ 148,707</u>

As discussed in Note 6, Central Y Owner, LLC amended the lease agreement with YMCA and YWCA effective January 1, 2015 to reduce base rent to \$1 per month. This represents below market rent. YMCA calculated the fair market value of the below market rent for the remainder of the lease term and recognized this amount as a receivable, In-Kind Rent Contribution Receivable. Amounts to be contributed in more than 1 year are discounted at a rate of 2.48%. The following is a summary of in-kind rent contributions receivable:

<u>Year Ending December 31,</u>	<u>Amount</u>

Contributed Assets and Services

Materials, land, buildings, equipment, and other assets received as donations are recorded and reflected in the accompanying combined financial statements at their estimated fair market values at the date they are received.

Unemployment Reserve

YMCA is self-insured for unemployment claims. YMCA accrued approximately 0.4% of total wages as a liability at December 31, 2022. The balance of the liability was \$182,531 at December 31, 2022.

Expense Allocation

The costs of providing various programs and other activities have been summarized on a functional basis in the statements of activities and changes in net assets and in the statements of functional expenses. Accordingly, certain costs have been allocated among the programs and support services benefited.

Sales Taxes

YMCA excludes from revenue any sales taxes collected from customers and remitted to governmental authorities.

Income Taxes

YMCA and the Endowment Fund are nonprofit corporations exempt under Internal Revenue Code Section 501(c)(3) from taxes on all income except that generated from its debt-financed leased facilities. There was no income tax liability in 2022. Management evaluated YMCA's tax positions and concluded that YMCA had taken no uncertain tax positions that require adjustment to the combined financial statements to comply with FASB ASC 740-10.

Adoption of New Accounting Standards

In February 2016, the FASB issued Accounting Standards Update (ASU) 2016-02, *Leases (ASC 842)*. The new standard increases transparency and comparability among organizations by requiring the recognition of ROU assets and lease liabilities on the balance sheet. Most prominent of the changes in the standard is the recognition of ROU assets and lease liabilities by lessees for those leases classified as operating leases. Under the standard, disclosures are required to meet the objective of enabling users of financial statements to assess the amount, timing, and uncertainty of cash flows arising from leases.

YMCA adopted the requirements of the guidance effective January 1, 2022 and has elected to apply the provisions of this standard to the beginning of the period of adoption, through a cumulative effect adjustment, with certain practical expedients available. YMCA has elected to adopt the package of practical expedients available in the year of adoption.

FASB issued ASU 2020-07 *Presentation and Disclosure by Not-For-Profit Entities for Contributed and Nonfinancial Assets*. The ASU enhances the presentation and disclosure of contributed nonfinancial assets. This ASU is effective for annual periods beginning after June 15, 2021. YMCA has implemented this standard for the year ended December 31, 2022.

Subsequent Events

Management has performed an analysis of the activities and transactions subsequent to December 31, 2022, to determine the need for any adjustments to and/or disclosures within the audited financial statements for the year ended December 31, 2022. Management has performed their analysis through June 16, 2023, the date the financial statements were available to be issued.

Subsequent to December 31, 2022, the Association entered into a financing lease agreement to purchase state of the art exercise equipment for the Association. The term of the lease is for 36 months and requires monthly payments of \$33,518.

NOTE 3 LIQUIDITY AND AVAILABILITY

Financial assets available for general expenditure that is without donor or other restrictions limiting their use within one year of the balance sheet date comprise the following:

Cash and Cash Equivalents	\$ 1,469,293
Investments	954,000
Accounts Receivable	246,712
Pledges Receivable	135,014
Endowment Appropriations	60,000
Total	<u>\$ 2,865,019</u>

The Endowment Fund consists of donor-restricted endowments and funds designated by the board as endowments. Income from donor-restricted endowments is restricted for specific purposes, with the exception of the amounts available for general use. Donor-restricted endowment funds are not available for general expenditure.

The Endowment Fund is subject to an annual spending rate of 4.0% as described in Note 13. Although the Endowment Fund does not intend to spend from the board-designated portion of the endowment (other than amounts appropriated for general expenditure as part of the endowment board's annual budget approval and appropriation), these amounts could be made available if necessary. As of December 31, 2022, the board-designated portion of the endowment was \$1,340,527.

As part of YMCA's liquidity management plan, management invests cash in excess of daily requirements in short-term investments, CDs, and money market funds. The YMCA board may also designate a portion of any operating surplus to its Association Reserve. As of December 31, 2022, the board-designated portion of the Reserve was \$946,673.

FASB ASC 820 provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy defined by FASB ASC 820 are as follows:

Level 1 – Quoted prices are available in active markets for identical assets or liabilities. Active markets are those in which transactions for the asset or liability occur with sufficient frequency and volume to provide pricing information on an ongoing basis.

Level 2 – Pricing inputs are other than quoted prices in active markets included in Level 1, which are either directly or indirectly observable as of the reporting date. Level 2 measurements include those financial instruments that are valued using models or other valuation methodologies. These models are primarily industry-standard models that consider various assumptions, including quoted forward prices for commodities, time value, volatility factors, and current market and contractual prices for the underlying instruments, as well as other relevant economic measures.

**YOUNG MEN'S CHRISTIAN ASSOCIATION OF THE INLAND NORTHWEST
(A NONPROFIT ORGANIZATION)
NOTES TO COMBINED FINANCIAL STATEMENTS
DECEMBER 31, 2022**

NOTE 5 INVESTMENTS (CONTINUED)

Substantially all of these assumptions are observable in the marketplace throughout the full term of the instrument, can be derived from observable data, or are supported by observable levels at which transactions are executed in the marketplace.

Level 3 – Pricing inputs include significant inputs that are generally unobservable from objective sources. These inputs may be used with internally developed methodologies that result in management's best estimate of fair value. Level 3 instruments include those that may be more structured or otherwise tailored to YMCA's needs.

Financial assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. YMCA's assessment of the significance of a particular input to the fair value measurement requires judgment, and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022:

Cash Funds: Valued at quoted market prices and are considered a Level 1 input item.

U.S. Government and Corporate Bonds: Valued based on yields currently available on comparable securities of issuers with similar credit ratings and are considered a Level 2 input item. When quoted prices are not available for identical or similar bonds, the bond is valued under a discounted cash flows approach that maximizes observable inputs, such as current yields or similar instruments, but includes adjustments for certain risks that may not be observable, such as credit and liquidity risks.

Mutual Funds: Valued at quoted market prices which represent the net asset value of shares held by YMCA at year-end and are considered a Level 1 input item.

Equity Securities: Valued at the closing price reported in the active market in which the individual security is traded and are considered a Level 1 input item.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while YMCA believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 6 INVESTMENTS IN LLCs

YMCA is a member in Central Y Owner, LLC along with Young Women's Christian Association of Spokane (YWCA). YMCA and YWCA each own a 50% interest in the LLC. The purpose of the LLC is to hold the Central Y building and real property for program use by YMCA and YWCA.

YMCA is accounting for its investment in the LLC by the equity method of accounting under which YMCA's share of the net income or loss of the LLC is recognized as income or loss in YMCA's combined statements of activities. The income or loss is deducted from or added to occupancy expenses related to use of the Central Y facility.

The Central Y Owner, LLC lease agreement was amended in 2015 to reduce base rent payments to \$1 per month. See Note 2 Contributions and Pledges. Central Y Owner, LLC restated the beginning balance of Members' Equity in 2022 to account for in-kind rent payable.

The audited financial statements of the LLC included the following as of December 31, 2022:

Revenue	\$ 1,047,753
Net Loss	(173,673)
Total Assets	16,598,640
Total Liabilities	7,887,934
Members' Equity	8,710,706

YMCA and YWCA of Spokane guarantee liabilities of the LLC.

NOTE 7 RELATED PARTY TRANSACTIONS

NOTE 8 ASSETS HELD IN CHARITABLE TRUSTS

YMCA administers various charitable gift annuities. A charitable gift annuity provides for the payment of distributions to the grantor or other designated beneficiaries over the trust's term (usually the designated beneficiary's lifetime). At the end of the trust's term, the remaining assets are available for the Endowment Fund's use. The portion of the trust attributable to the present value of the future benefits to be received by YMCA is recorded in the combined statements of activities as unrestricted contributions in the period the trust is established. There were no contributions for the year ended December 31, 2022.

Assets held in charitable trusts consisted of the following types of investments as of December 31, 2022:

Cash	\$	1,429
Mutual Funds		<u>4,391</u>
Assets at Fair Market Value	<u>\$</u>	<u><u>5,820</u></u>

The assets held in charitable trusts are included in investments on YMCA's combined statements of financial position.

The state of Washington under RCW 48.38.020 requires charities to obtain a certificate of exemption to issue charitable gift annuities. RCW 48.38.020 requires the charity to maintain a separate reserve fund equal to 110% of the actuarially determined liability balance. The reserve fund amount is calculated every December 31 and must be performed by an independent third party. The current reserve fund requirement as determined by the actuary is \$2,019 at December 31, 2022. The RCW allows the organization to use its existing Gift Annuity Pool as the reserve fund to meet this requirement.

NOTE 9 LONG-TERM DEBT

The YMCA has a note payable to Washington Trust Bank originating in June of 2020 with monthly payments of \$96,255 that began in July of 2020. The interest rate on the note is 3.15%. The note matures in June of 2032. The outstanding balance at December 31, 2022 is \$9,871,008.

2026	937,825
2027	968,219
Thereafter	<u>5,325,208</u>
Total	<u>\$ 9,871,008</u>

The YMCA had an uncollateralized line of credit agreement with Washington Trust Bank. The line of credit expired on November 26, 2022 and was not renewed.

The notes payable and line of credit agreements contain certain loan covenants which include those pertaining to debt service coverage, debt to net worth and reserve account requirements. The YMCA was not in compliance with certain covenants and obtained a waiver.

NOTE 10 EMPLOYEE BENEFIT PLAN

YMCA participates in a defined contribution, individual account, money purchase retirement plan which is administered by Young Men's Christian Association Retirement Fund (the Retirement Fund) (a separate corporation). The Plan is for the benefit of all professional and support staff of YMCA.

On July 1, 2002, YMCA adopted a Special Agreement noncontributory participation plan whereby YMCA contributes a percentage of participating employees' salaries to the Retirement Fund monthly. The rate for 2022 was 8%. Total YMCA contributions charged to retirement costs were \$375,287 for 2022.

The Retirement Fund is operated as a church pension plan and is a nonprofit, tax-exempt New York state corporation (1922). Participation is available to all duly organized or reorganized YMCAs in the United States of America. As a defined contribution plan, the Retirement Fund has no unfunded benefit obligations.

NOTE 13 FUNDS HELD FOR ENDOWMENT

YMCA follows Uniform Prudent Management of Institutional Funds Act (UMIDA) and its own governing documents. The board of directors of YMCA and the Endowment Fund has interpreted UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, YMCA classifies as net assets with donor restriction (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. In accordance with UPMIFA, YMCA considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the donor-restricted endowment funds, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of YMCA, and (7) YMCA's investment policies.

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that either the donor or UPMIFA required YMCA to retain as a fund of perpetual duration. YMCA had no deficiencies of this nature at December 31, 2022.

Endowment Investment and Spending Policies

The Endowment Fund has adopted investment and spending policies, approved by its board of directors, for endowment assets that attempt to provide a predictable stream of funding to programs supported by its funds while seeking to maintain the purchasing power of the endowment assets over the long-term. Endowment assets include those assets of donor-restricted funds that the organization must hold in perpetuity or for a donor-specified period as well as board-designated funds. Under this policy, as approved by the board of directors, the endowment assets are invested in a manner that is intended to produce results that equal inflation plus 5% while assuming a moderate level of investment risk. Actual returns in any given year may vary from this amount.

NOTE 13 FUNDS HELD FOR ENDOWMENT (CONTINUED)

Endowment Investment and Spending Policies (Continued)

To satisfy its long-term rate of return objective, the endowment relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and from current yield (interest and dividends). Asset allocation guidelines and the investment manager structure should ensure adequate diversification in order to reduce the volatility of investment returns. The spending policy calculates the amount of money annually distributed from the Endowment Fund's assets. The current spending policy is to distribute an amount not to exceed 4% of the average value of the total endowment portfolio over the preceding three-year period.

Endowment fund net asset composition by type of fund is as follows at December 31, 2022:

	<u>Without Donor Restriction</u>	<u>With Donor Restriction</u>	<u>Total</u>

NOTE 14 LEASES

YMCA leases equipment as well as certain operating and office facilities for various terms under long-term, non-cancelable lease agreements. The leases expire at various dates through 2034 and provide for renewal options ranging from one months to five years. In the normal course of business, it is expected that these leases will be renewed or replaced by similar leases. Certain facility leases provide for increases in future minimum annual rental payments based on defined increases in the Consumer Price Index, subject to certain minimum increases. Additionally, the agreements generally require YMCA to pay real estate taxes, insurance, and repairs.

NOTE 14 LEASES (CONTINUED)

YMCA leases approximately 47,000 square feet of space within the Central Y facility from Central Y Owner , LLC, a related party (see Note 4). The lease began in May 2009 and will continue until December 2037. In addition, YMCA leases space within the Central Y facility from the YWCA under a separate lease agreement. YMCA also leases corporate office space and south facility space from unrelated parties. The lease expires in December of 2024.

NOTE 16 IN-KIND DONATIONS

For the year ending December 31, 2022, Gifts In-kind recognized within the statement of activities included in-kind rent expense of \$321,748. In-kind rent was valued using the fair market value of rent for a commercial space that YMCA leases from an unrelated party in the same area by utilizing the same rate per square foot beginning at the time the agreement began on January 1, 2015.

NOTE 17 RESTATEMENT

Beginning January 1, 2015, YMCA began to pay \$1 per month for rent for the Central Y building they jointly own, which represents below market rent. YMCA did not recognize in-kind rent revenue and expense for the remaining lease term of 23 years. YMCA restated beginning balance of net assets to recognize an asset for the fair market value of in-kind rent receivable. Due to the inherent time restriction of future rent, the value of the in-kind rent receivable should be recognized as net assets with donor restriction.

Beginning net assets were restated as follows:

	Without Donor Restriction	With Donor Restriction	Total
Net Assets - Beginning Balance, As Originally Reported	\$ 33,144,418	\$ 436,945	\$ 33,581,363

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Directors
Young Men's Christian Association of the Inland Northwest
Spokane, Washington

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Young Men's Christian Association of the Inland Northwest (YMCA), which comprise the statement of financial position as of December 31, 2022, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated June 16, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered YMCA's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of YMCA's internal control. Accordingly, we do not express an opinion on the effectiveness of YMCA's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified certain deficiencies in internal control, described in the accompany schedule of findings and questioned costs as item 2022-001 that we consider to be a material weakness.

Report on Compliance and Other Matters

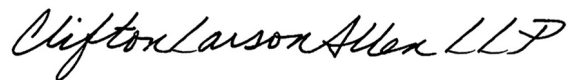

As part of obtaining reasonable assurance about whether YMCA's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

YMCA's Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the YMCA's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. YMCA's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH
MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE**

Board of Directors
Young Men's Christian Association of the Inland Northwest
Spokane, Washington

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Young Men's Christian Association of the Inland Northwest's (YMCA) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of YMCA's major federal programs for the year ended December 31, 2022. YMCA's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, YMCA complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended December 31, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of YMCA and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of YMCA's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to YMCA's federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on YMCA's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about YMCA's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding YMCA's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of YMCA's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of YMCA's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

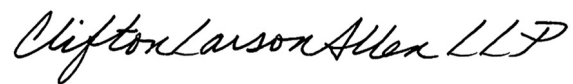

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Board of Directors
Young Men's Christian Association of the Inland Northwest

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Section II – Financial Statement Findings

2022-001 – In-Kind Rent

Type of Finding:

Material Weakness in Internal Control over Financial Reporting

Condition: Prior period balances were restated

Criteria: Management is responsible for establishing and maintaining an internal control system which allows for accurate financial reporting in accordance with generally accepted accounting principles.

Effect or potential effect: Financial statements were misstated.

Cause: Due to the implementation of ASC 842 *Leases* in the current year all lease agreements were reviewed and assessed by management. During this process it was determined that the GAAP guidance received and used to recognize this transaction in 2015 was not the appropriate guidance for this transaction.

Recommendation: Management has corrected the in-kind transaction that was not properly recorded.

Views of Responsible Officials and Planned Corrective Action: Management of the Association received and relied upon guidance provided by recognized experts in the accounting field to record transactions involving a related party lease agreement. Upon the review of lease agreements in connection with the implementation of ASC 842 *Leases* management was made aware that the methodology for this transaction should be changed in order to fully conform with Generally Accepted Accounting Principles. The updated methodologies were successfully implemented at as soon as management was made aware of the modified guidance which included recording an in-kind contribution receivable from a related party, decreasing the corresponding investment in LLC and adjusting net assets without donor restrictions to net assets with donor restrictions.

Section III – Findings and Questioned Costs – Major Federal Programs

Our audit did not disclose any matters required to be reported in accordance with 2 CFR 200.516(a).

YOUNG MEN'S CHRISTIAN ASSOCIATION OF THE INLAND NORTHWEST
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
YEAR ENDED DECEMBER 31, 2022

NOTE 1 BASIS OF PRESENTATION

The accompanying schedule of expenditures of federal awards (the Schedule) includes the federal award activity of the YMCA under programs of the federal government for the year ended December 31, 2022. The information in this Schedule is presented in accordance with the requirements of 2 CFR Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the YMCA, it is not intended to and does not present the financial position, changes in net assets, or cash flows of YMCA.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance for all awards with the exception of Coronavirus Relief Fund 21.019, which follows criteria determined by the Department of Treasury for allowability of costs. Under these principles, certain types of expenditures are not allowable or are limited as to reimbursement.

NOTE 3 INDIRECT COST RATE

The YMCA has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.
