Group Swim Lesson Descriptions

PARENT/CHILD: 6 Months – 3 Years

STAGE A / WATER DISCOVERY Infants and toddlers explore the water with a parent or guardian, building comfort and skills through fun, confidence-boosting activities.

STAGE B / WATER EXPLORATION Water Exploration focuses on learning body positions, blowing bubbles & practicing fundamental safety & aquatic skills.

PRESCHOOL: 3 – 5 Years | SCHOOL AGE: 6 – 12 Years

STAGE 1 / WATER ACCLIMATION Students in Water Acclimation gain confidence in the pool, develop safe water habits, explore underwater, and learn to exit the water safely, laying the foundation for future swimming skills.

STAGE 2 / WATER MOVEMENT In this stage, students develop body control, forward movement, directional changes, and basic self-rescue skills, while also reinforcing how to safely exit the water if they fall in.

STAGE 3 / WATER STAMINA students learn basic stroke techniques, rotary breathing, and coordinated arm and leg movement, while also developing the ability to swim, move to safety, and exit the water if they fall in.

STAGE 4 / STROKE INTRO the first in Swim Strokes, students develop front crawl and back crawl, are introduced to breaststroke and butterfly components, build endurance, and practice deep-water safety techniques.

SCHOOL AGE: 6 – 12 Years

STAGE 5 / STROKE DEVELOPMENT Students refine stroke techniques, learn all competitive strokes, build stamina in front crawl and back crawl, develop breaststroke and butterfly, and reinforce deep-water safety and endurance.

STAGE 6 / STROKE MECHANICS For kids who can swim competitive strokes, these classes focus on refining skills and form through drills while also providing instruction and practice on turns and streamlines.
